Who is suntoy?

Drawing with light during Earth Hour created a photographic artwork Suntoy, with years of experience in developing and producing high quality solar powered products for the end-consumer market in Europe, has been selected as the manufacturing partner for the WADI solar device. Joburg Today Features Suntoy at the Compton Verney light festival.

Where is suntoy made?

Suntoy has an electronic manufacturing factory in Village Deep, Johannesburg, South Africa. Suntoy promises to give our planet a brighter future by making every hour a solar-power-hour. There are seven supervisors, two pic-and-place machine operators and 43 product assemblers in the Suntoy Factory.

What is a suntoy solar top?

The Suntoy Solar Top(TM) is an eco-friendly solar powered light that provides "Sunshine on a bottle". The solar cells collect sunlight during the day, while four LED's provide a comfortable light during the night. Ideally suited for reading, but equally versatile for many other uses. A piece of African beaded jewellery invites you to play!

How does suntoy work?
