Who is QuantumScape & Powerco?

Solid-state battery developer QuantumScape has signed an agreement with PowerCo that gives the Volkswagen Group's battery arm a non-exclusive license to mass produce its technology.

How will QuantumScape and Powerco work together?

QuantumScape and PowerCo will collaborate on manufacturing battery cells based on QuantumScape's solid-state lithium-metal battery technology. The companies will establish a large jointly staffed scale-up team for technology transfer, co-development of production processes and related activities.

How much does QuantumScape pay Powerco?

Subject to the achievement of technical milestones, QuantumScape will grant PowerCo a non-exclusive, royalty-bearing IP license, and PowerCo will pre-pay QuantumScape an initial royalty fee of \$130M, credited against future royalties. The license would cover the current battery platform used in the QSE-5 design.

Will QuantumScape grant Powerco a license to mass produce battery cells?

Upon satisfactory technical progress and certain royalty payments, QuantumScape will grant PowerCo the license to mass produce battery cells based on QuantumScape's technology platform.

Can QuantumScape accelerate the industrialization of lithium-metal battery technology?

QuantumScape and PowerCo, the battery company of the Volkswagen Group, have entered into a groundbreaking agreement to accelerate the industrialization of QuantumScape's solid-state lithium-metal battery technology.

Is QuantumScape ready for industrial-scale production?

QuantumScape's technology is poised to enter a pivotal stage where PowerCo's specialized expertise, resources and global factories can help facilitate the transition to industrial-scale production."

Solid-state battery developer QuantumScape has signed an agreement with PowerCo that gives the Volkswagen Group's battery arm a non-exclusive license to mass produce its technology.

Volkswagen Group and QuantumScape to co-manufacture batteries. The agreement creates a highly collaborative partnership that amplifies the companies' core competencies - QuantumScape's cutting-edge technology and PowerCo's global capabilities in industrialization and manufacturing facilities.
