Where can I buy solar powered attic vents in Canada?

Canada Go Green is the leading manufacturer of solar powered attic vents in Canada. 4 Seasons solar fan is designed and built for sloped shingled roof applications. The vent works by using the sun's energy to power a fan which pulls excess heat, moisture and humidity out of the attic while promoting healthy air circulation.

Are Canada go green solar powered vents working?

Solution: Canada Go Green solar powered vents are working for you all day long. Each vent moves up to 400 Cubic CFM (Cubic Feet of Air per Minute) and will greatly improve the amount of air flowing through your attic.

What is a solar-powered roof vent?

Solar-powered roof vents provide an opportunity for roofers to meet this demand while offering a superior solution for attic ventilation. With benefits like zero operating costs, easier installation, and enhanced durability, 4 Seasons Solar Powered Vents stand out as the best choice for both homeowners and contractors.

Are Canada Go Green vents the same as 4 seasons vents?

Specifically, our ventilation products have since been called Canada Go Green vents but also often referenced by their model name 4 Seasons vents. It is now time to give our solar ventilation products family their own brand name with their own dedicated space.

What are Canada Go Green vents?

Throughout the years, Canada Go Green has been growing to offer a wide variety of product types and applications. Specifically, our ventilation products have since been called Canada Go Green vents but also often referenced by their model name 4 Seasons vents.

What are 4 seasons solar powered vents?

The 4 Seasons Solar Powered Vents were born to achieve three things: extend roof life, look great, and give homeowners peace of mind knowing they have a top-quality product working for them. When we founded Canada Go Green in 2010, our goal was to create a product that would bring value to roofing contractors and homeowners.

Virksomheden SolarVenti A/S er produktions- og salgsvirksomhed i Thorsø i Himmerland med kun 20 fuldtidsansatte medarbejdere og fungerer som et dagligt samarbejde med bl.a. montører, forhandlere og underleverandører verden over.
