

Chad trident energy

Who is Trident Energy?

Behind our name is a proven and sustained track record of large scale asset take-overs and production enhancement. © Copyright Trident Energy 2024 All rights reserved. Trident Energy is one of the industry's most experienced teams in the science of operating and redeveloping mid-life oil and gas assets.

Who is sign in Trident Energy?

Sign in Trident Energy is an international oil and gas company focused on the acquisition, operation and optimization of international mid-life assets. Headquartered in London, the company was created in 2016 and backed by an equity commitment led by Warburg Pincus with a broad mandate to acquire assets across Africa, Latin America and Asia.

What happened to Trident Energy?

Trident Energy commenced 4D seismic acquisition operations on their Block G assets on the 22nd January 2020. Formnext 2019 has begun and Aurora Labs are here in a big way! Pay us a visit in hall 11.1 of the Messe Frankfurt centre to learn more about our other offerings.

How will Perenco boost its position in Chad?

The French family-run firm plans to quickly ramp up output from these Chadian assets - currently at around 5,000 bpd - through new investments but has even greater ambitions for its position in the country. Perenco wants to boost its advantage by hindering Savannah Energy's acquisition of ExxonMobil's Doba blocks.

Does Quantum Energy Partners own trident?

Quantum Energy Partners also became a significant investor in Trident in February 2022 following a \$400 million line of equity alongside Warburg Pincus and Trident's existing minority shareholders. Editor's note: Updated Feb. 22, 2022.

Why is Savannah trying to thwart Chadian plans?

To thwart Savannah's Chadian plans, it has been trying to spread the message the junior oil company is already too exposed from its blocks in the Agadem Rift Basin, Niger, its activities in the Niger Delta, Nigeria, and on-going talks to acquire ENI's assets in Tunisia (AI, 01/11/21).

The managing director of Trident Energy, formerly with Perenco, contacted ExxonMobil management once again at the end of last year about their Equatorail Guinean Zafiro field (30,000 bpd), but as before they
