Contel Smart Energy, part of the Contel Technologies Group, leverages a robust combination of industry-leading toolset for supervisory control and data acquisition (SCADA), artificial intelligence and advanced optimization to make Microgrid operations and EV Fleet management smarter, better, and more efficient.

Contel Smart Energy provide advanced control and optimization hardware & software platform, used to maximize the value of field energy resources in coordination with local grid and rates.

Beyond Energy | Contel Smart Energy, a subsidiary of Contel Technologies, aims to revolutionize the way energy asset owners control and monitor their energy generation sites.

Contel Smart Energy offers solutions for the control and optimization of energy assets. Their platform uses big data and analytics to manage and optimize microgrid assets, accounting for factors like electricity production, storage lifecycle, utility rates, and local consumption.

Find company research, competitor information, contact details & financial data for CONTEL SMART ENERGY LTD of PETAH TIKVA, Central District. Get the latest business insights from Dun & Bradstreet.
