

Cooke lewis battery station

When the restoration is complete, visitors will be able to walk from one end of the battery to the other, explore various rooms, and learn through exhibits and guided tours about Battery Lewis ...

Battery Lewis was part of a World War II-era heavy artillery coastal defense system which would defend against enemy ship access into New York ...

Located high on a hilltop in Highlands, in what is now part of the Hartshorne Woods County Park, is a former military installation, Battery Lewis, which was built during World War II.

Designed to deny enemy ships access to New York Harbor and to furnish heavy artillery support for defense, Battery Lewis was notable for its 16-inch gun barrels.
