

Energy by solutions Honduras

What is the least expensive solution to the energy crisis in Honduras?

(Productive uses). SHS are comparatively cheap but energy service is limited and business and service systems are critical and often have high transaction costs. The World Bank concludes that the least expensive solution to reach the goal of the Honduras Government of 400,000 new connections by 2015 would be the dissemination of SHS.

Who is Elite Energy Solutions?
