

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding has allowed the Ministry to repair the grid control system, procure necessary fuel tanks, and install cabling and connections.

The Australian government has approved the development of HumeLink, an almost AU\$5 billion (US\$3.1 billion) energy transmission project that will unlock the 350GWh Snowy 2.0 pumped hydro energy storage (PHES) expansion.

The expo is dedicated to showcasing and promoting the latest energy storage technologies and applications of smart energy, providing a comprehensive platform for industry professionals to exchange ideas. Information About the show: Date: March 5-7, 2025 Location: IMPACT EXHIBITION CENTRE, Bangkok, Thailand.

We are excited to announce that the ASEAN (Bangkok) Energy Storage & Smart Energy Expo 2025 is coming. This expo, guided by the Ministry of Energy of Thailand and PEA-Provincial Electricity Authority, organized by Compass Exhibition Group and co-organized in China by Grandeur Exhibition Group, is a significant event for the new energy industry.

As the photovoltaic (PV) industry continues to evolve, advancements in Niue solar energy storage have become critical to optimizing the utilization of renewable energy sources. From innovative battery technologies to intelligent energy management systems, these solutions are transforming the way we store and distribute solar-generated electricity.
