Who is EnergyWise systems?

Through Research. Email Sign up Happy to receive monthly updates on our products? ENERGYWISE SYSTEMS We manufacture and design LED lighting for industrial, horticultural and commercial use. Proudly manufactured in South Africa using European LED Technology

What is EnergyWise Solutions LLC?

EnergyWise Solutions LLC is the nation's expert in commercial LED lighting. We provide complete energy-efficient LED lighting and building control solutions. We are EnergyWise Solutions LLC and we're here to serve you! We approach lighting holistically and can handle all your design, supply, specification and problem-solving needs.

Why should you choose EnergyWise?

This combined with one of the top photometric lighting laboratories in the country housed in, and operated by Energywise ensures that everything we touch is measurable and verifiable against the highest international standards and that we treat lighting as the science it is.

What makes EnergyWise a great company?

Your dedication, hard work, and commitment to personal and professional growth are commendable. At Energywise, we believe our greatest asset is our people. Investing in your skills and development is not just an initiative; it is a core value that drives our success and innovation.

Are EnergyWise products good quality?

"Energywise products are the best of class in quality. In our 7-year history with the Mars brand (Made exclusively for Magnet by Energywise) we have had less than 0.1% failure despite the poor power quality issues faced in SA." "Just one great partnership with the right company can have an incredible impact on your business success"

What is The Energywise production team?

The Energywise production team is a SWAT unit in the production world. Small, highly motivated and able to execute against incredible odds without batting an eyelid. They are where the rubber meets the road for Energywise. The laboratory, RnD department and grand schemes of our CEO all come to nothing without this team's ability to deliver.

It was a great day at Energywise. Our engineers took the visitors through our colour room, our state-of-the-art photometric lab and a tour of the production facility.

Our Energywise team has over 60 years of combined experience in the field of lighting manufacture, design and energy saving. Led by CEO Andrea Barausse - recognized as one of the foremost lighting experts in
