

# Eritrea wattstor limited

Who is wattstor backed by?

Wattstor is proudly backed by strong investment partners, Ara Partners and Janom Investments. Both share our vision about a future where decarbonised energy is available to all organisations, and both have put their trust in Wattstor to make this vision a reality.

How does wattstor work?

At Wattstor we design, build, pay for, operate and optimise onsite renewable energy systems. You get the electricity they generate at lower than grid cost. We will fund 100% of your solar and battery project costs and arrange a tailored power purchase agreement with you. High prices and overall price volatility are becoming increasingly prevalent.

Why should you choose wattstor?

The Wattstor technology stack underpins the success of all our projects. We design bespoke energy storage systems for industrial and commercial businesses to reduce their electricity costs and decarbonise onsite operations.

Who is Jiri from wattstor?

Jiri leads the development, research and testing of Wattstor's technical capabilities and draws on a decade of energy software and engineering background. Having pivoted from Janom's senior leadership team to join Wattstor, Jiri has a significant amount of knowledge across various energy technologies and their applications.

Who helms wattstor?

Drawing on his cross-functional background, including senior leadership roles across General Electric and demand response innovators, Kiwi Power, plus a masters in mechanical engineering, Stephan stands at the helm of Wattstor.
