

Inter power ltd Marshall Islands

"The Republic of the Marshall Islands (RMI) submitted its second NDC in 2018 at COP 24 in Katowice, making it the first country in the world to do so. The revised NDC set binding targets of reducing greenhouse gas emissions by 32 percent below 2010 levels in or before 2025 and by 45 percent before 2030.

Official information, filings list, date & place of incorporation, registered office & agent, updated status of Inter Power Investment LTD Tortola,...

Interpower International's manufacturing capabilities allow it to produce diesel engine generating sets for offshore application ranging in power from small, towable-sized 20 ...

The Marshalls Energy Company imported six container generators to help stabilise power and the hope of the government utility company is that they will be installed and operational by the end of March. These new generators will add five megawatts of power to service Majuro, which uses close to 10 MW at peak periods.

Interpower International's manufacturing capabilities allow it to produce diesel engine generating sets for offshore application ranging in power from small, towable-sized 20 kilovolt-ampere (kVA) units to huge 4000kVA models that require truck transportation.

The Marshall Islands are served by two government-owned electric utilities, MEC and KAJUR. MEC coordinates power generation and distribution services for the majority of RMI, while KAJUR, a subsidiary of MEC, services RMI's second largest population center, Ebeye.⁸ Uniform electric rates are applied across all RMI islands and atolls and range ...
