

Inverter solar Seychelles

At Energy Solutions Seychelles we provide a range of services including energy efficient consultation and renewable energy implementation. Our professional staff will guide you through the process of applying for a grid-connect roof mount solar pv photovoltaic system.

The leading provider of solar PV in Seychelles. Founded in 2010, VetiverTech has installed over 200 solar photovoltaic (PV) systems for homes, schools, hotels and businesses on Mahe, Praslin and La Digue. Our PV modules and inverters are exclusively made in Germany and meet the highest quality standards.

In collaboration with Solar Drive, Sun Tech Seychelles now offers a solar PV conversion kit that transforms the roof of electric-powered vehicles (EPVs) into a solar platform for free charging using the sun's energy.

AIMS Power inverters are available up to 8000 watts throughout Seychelles in 12 & 24 volt models for off-grid, mobile & emergency backup power applications. FREE SHIPPING (some products excluded)

We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service.

Direct current (DC) from the solar pv panel is converted to alternating current (AC) by the inverters. At ESS we are not tied to only one brand of inverter so can recommend the best inverter for your project. We have installed inverters from a variety of manufactures and we honor manufactures warranty.

Energy Solutions Seychelles has been installing solar panels and photovoltaic (PV) systems in Seychelles since 2012 and provides renewable energy products and energy efficiency consultancy.

List of Seychellois solar panel installers - showing companies in Seychelles that undertake solar panel installation, including rooftop and standalone solar systems.

(7 Year Seychelles Warranty) Single Phase Inverter with HD Wave Technology range delivers record-breaking efficiency, high reliability and built-in module-level monitoring. Offering superb reliability due to lower heat dissipation and film rather than electrolytic capacitors, the HD-Wave inverters allow over-sizing up to 155% and are backwards ...
