I-Star Energy Solutions is a unique, turn-key, energy assessment company specializing in the generation of significant energy savings from improvements to mechanical insulation systems, steam trap testing/condition monitoring and building envelope.

Our NIA-certified and BPI-certified technicians utilize state of the art technology and proprietary software to conduct a comprehensive energy appraisal that quantifies heat loss, air tightness, steam tightness, building envelope integrity and equipment energy leaks.

I-Star Energy Solutions is dedicated to being the preeminent specialty contracting organization in the markets it serves. This is achieved through teamwork at all levels of the organization and performance based on continuous improvement of all business processes, including estimating, sales, safety and contract execution.

I-Star Energy Solutions is a subsidiary of Irex Contracting Group, a North American network of leading-edge, highly-skilled and specialty-focused contractors delivering exceptional value in innovation, performance, safety and service.

Acting as prime contractor or a subcontractor, I-Star Energy Solutions provides new construction, renovation, and maintenance services to a variety of commercial, industrial, institutional, and government markets.
