

Japston batteries have splendid features like High Acid Volume per ampere hour, quick charge acceptance, and plate designed with special additives to get quick recovery from deep discharge at reasonable".

Performance Features of Japston 220Ah -Tubular Battery-Made in India-Thicker positive spines for long life-Fast charge acceptance-High Acid Volume per ampere hour-Ultra low maintenance-Quick recovery from deep discharge-Low ...

JAPSTON Tubular Battery 240A. Brand: JAPSTON. Power: 240A. Working time: 4 hours. Battery life: 74 kg. The capacity of the charger needed to charge the battery: 50 - 60 A. Battery life: 2000 charge cycles. 240Ah tubular battery, works for 4 hours continuously at maximum voltage, needs a charger with a capacity of 50-60Ah to fully charge it

Performance Features of Japston 220Ah -Tubular Battery-Made in India-Thicker positive spines for long life-Fast charge acceptance-High Acid Volume per ampere hour-Ultra low maintenance-Quick recovery from deep discharge-Low Self Discharge-Low Water Loss rate Cycle life - 1300 Cycles @80% DOD at 27°C

Based in Luxembourg, Lubatex Group has established itself as a leader in the trading of batteries and lubricants on the MEA market. Lead Acid Batteries The widest range of batteries available in Luxembourg

Avec nos stocks basés à Sarreguemines et au Luxembourg, nous pouvons répondre à vos besoins urgents en un temps record. La quasi totalité de nos références est ainsi accessible à moins de 2h de route du Grand-Duché.

Japston Tubular Battery 12V-200AH is a deep-cycle, lead-acid battery designed for use in a variety of applications, including off-grid solar systems, backup power systems, and other applications that require a reliable and long-lasting power source.

Use the Japston 220Ah tubular battery to build a robust power backup system to deliver 24/7 power availability to your family. Great too for office use. Related
