The JUWI Group has been among the leading renewable energy specialists since almost 30 years and offers a full range of project development and other services connected with the planning,...

The Juwi group is one of the world's leading companies in the area of renewable energy. The renewable energy pioneer with a strong regional presence offers project development and EPC services as well as products and solutions for the energy turnaround.

On a total of eight roof tops, Juwi - the specialist for renewable energy from Würzburg in Germany - installed more than 1,280 solar panels with a joint capacity of 327 kilowatt peak. With the Solar Fuel Saver, the PV plants were integrated into the existing diesel generator systems which provide the islands' power supply.
