Protergia is the Power and Natural Gas Business Unit of METLEN and among the leaders of the private-sector initiative in the electric power market and is the largest independent electricity producer in Greece.

The energy transition in Greece is progressing rapidly, with ambitious targets set for 2030 in the National Energy and Climate Plan (NECP), which is currently under public consultation. The country aims to increase the share of renewable energy sources (RES) in its final energy consumption to 45% and achieve an 80% share of RES in electricity ...
