

Smartone solar Russia

What is SmartOne solar?

The SmartOne Solar is the next generation of Globalstar's industry-acclaimed SmartOne product line. While operating on one of the most modern and fastest satellite networks in the world and powered by the sun, this IoT device provides excellent remote monitoring and tracking capabilities.

Is SmartOne solar a safe & maintenance-free IoT asset tracking device?

Solar powered and designed for tough environments, this industrial IoT asset tracking device is intrinsically safe and maintenance free for tracking, monitoring and data collection. SmartOne Solar's integrated solar panel and battery capabilities deliver up to 10 years of life with little to no maintenance required.

How long does a SmartOne solar battery last?

SmartOne Solar's integrated solar panel and battery capabilities deliver up to 10 years of life with little to no maintenance required. This asset GPS tracking device easily mounts to any fixed or mobile asset for intelligent tracking, monitoring, and integration with a multitude of wireless sensors through the configurable BLE Sensors interface.

How safe is the SmartOne solar?

The SmartOne Solar has unparalleled safety/device certifications such as ATEX, IECEx, IP69/69K, HERO certifications, and others. -40 to +85°C Note: The unit shall remain operational over the -40 to 85°C range, though may experience battery life and RF signal degradation.

What certifications does the SmartOne solar have?

The SmartOne Solar has unparalleled safety/device certifications such as ATEX, IECEx, IP69/69K, HERO certifications, and others. Helpful content that will help you make more intelligent decisions.

What does SmartOne Solar do?

SmartOne Solar TMSmartOne Solar TM - Solar Powered Satellite Asset Tracking Device
Transportation: Monitor & track assets and fleet movements even in remote locations.
Oil & Gas: Aids in mobilizing & deploying high value assets in the field.
Construction: Determine if, when & where your valuable equipment is being used.
Security

The SmartOne Solar's NiMH rechargeable batteries deliver up to 10 years of life, drastically reducing maintenance time and cost for labor and parts. It lets ...
