Most 2,000W solar generators start at around \$1,600 and the price goes up with capacity. For example, a 2,000W solar generator with a 3kWh battery will cost about \$3,000. If you need to power lots of large appliances, get a solar generator with a higher-power inverter.

A solar generator uses solar panels to capture renewable energy from the sun and store it as electricity in a portable power station. Solar generators provide a reliable green energy solution whether you're on the go, off-the-grid, or need emergency power during a blackout.
