Welcome to Solar Energy Caribbean! Specializing in Grid-tied and Off-Grid solar PV systems with battery storage for Residential and Commercial properties in Sint Maarten NV, Saint Martin SXM. Get a free quote today!

St. Maarten faces significant challenges in transitioning to 100% renewable electricity due to its limited space, lower wind speeds, and frequent hurricanes. The island's small and hilly terrain makes large-scale solar and wind energy installations difficult, as many potential locations are already used for tourism and housing.

List of Sint Maarten solar panel installers - showing companies in Sint Maarten that undertake solar panel installation, including rooftop and standalone solar systems.

Ecoplant is a sun-tracking solar system which generates energy which can be used for whatever the client desires, including powering homes and charging electric vehicles and bicycles. The systems installed at Vineyard Office Park are expected to save the company at least 4,000 to 8,000 kilowatt-hours per year in energy.

Welcome to GOSOLARSXM, your trusted partner in solar energy solutions on the Island of Sint Maarten. We specialize in designing, delivering, and installing both grid-tied and non-grid-tied solar panel systems using premium materials known for their reliability and efficiency.

Explore sustainable living with our premier solar panel installations and electric vehicles. Discover top-quality solar solutions tailored for homes and businesses, paired with eco-friendly transportation options. Join us in harnessing clean energy and reducing your carbon footprint.
