Licensed Electrical Contractor, Authorized Generac Generator Dealer, Solar & Battery Storage, Power Generation Company, Lutron Lighting Controls, Lorentz Solar Home Services

A solar generator is a portable generator that usually works along with solar panels. It typically acts as an automatic backup battery to power your home and your household appliances and/or electronic devices when you run out of electricity due to power outages.

Backup solar generators can typically power at least 1,000 watts, which should be enough to power appliances like small lights, a fridge, or a television. However, if you need whole-home power or need to turn on devices like a washing machine or air-conditioning unit, you will likely need a generator with a power level of at least 2,000-3,000 ...
