Eco-Friendly and Clean Power Supply: This unit has a Pure Sine Wave Inverter which ensures safe charging for sensitive devices like laptops and tablets. The Advance 1550 also features BMS Key switch output, LCD display, and dual lanterns.

In the most basic terms, a solar inverter converts the output of your solar panels installed on your roof into usable electricity for your home or business. The primary function of the inverter is to convert the Direct Current (DC) provided by the solar panel into Alternating Current (AC) that can be used to power your home or office complex's ...
